Language

- English
- Dutch
  (Delivered design projects for Dutch clients, translating their briefs and feedback into clear, design solutions despite not speaking Dutch fluently)
- Macedonian

Personal Interests

- Running (Half Marathons)
- Fitness
- Drawing

Professional summary

UX/UI designer with 3.5 years of experience at a marketing tech agency, where I joined as the first designer on a team of 12 developers and took ownership from day one. I design recruitment and e-commerce websites with a focus on improving conversions and overall performance, while also managing CMS content and creating ads and other visual assets. My previous experience as a legal assistant in a notary office gave me a strong eye for details and a structured approach to managing multiple projects. I enjoy collaborating closely with CRO, marketing, and engineering teams in international environments.

Experience

Small Giants - Marketing Tech Agency, Utrecht | UX/UI Designer

September 2022 - January 2026

- Led projects from early concepts and ideation through to final design handoff for development
- Design and deliver end-to-end UX solutions, including user flows, prototypes, and UI designs with a strong focus on conversion optimisation, usability, and commercial impact
- Worked with the CRO team on A/B test ideas and designed the test variants
- Handled content migration for client projects by transferring, organising, and maintaining content within Storyblok CMS
- Worked directly with clients like Philips, Talpa Network to improve and refine their designs based on goals and feedback
- Designed landing pages and social ads
- Started a design system with reusable components, which sped up repetitive work, made handoff to developers easier, and gave marketers a clear picture of what we could offer clients.
- Reviewed implemented features to identify UI bugs, documented findings, and collaborated with developers to deliver fixes that improved usability, consistency, and overall user experience
- Collaborating closely with marketing, CRO, other designers and engineering to align UX/UI decisions with project goals

Education

UX/UI ACADEMY BRAINSTER, Skopje, North Macedonia

September 2021 - April 2022

BACHELOR OF LAW, Ss. Cyril And Methodius Faculty Of Law - Skopje, North Macedonia
